Welcome to Fremont!

Fremont Welcomes You!

We are pleased to share with you our commemorative 2006 Residents & Visitors Guide honoring Fremont's 50th Anniversary as a city.

Nestled at the base of Mission Peak on the eastern shores of the San Francisco Bay, Fremont is one of the most remarkable communities in America. Fremont has earned high marks within the nation's top 100 largest cities for its schools, safety, "kid-friendliness," fire protection, and other municipal services. As an integral part of Silicon Valley, Fremont's importance in the regional and global economy continues to grow.

What else makes Fremont so special? Begin with our great year round climate, ideal location, easy connections throughout the Bay Area thanks to the Bay Area Rapid Transit (BART) station located in downtown Fremont, and extensive highway links to cities throughout Northern California and beyond. Then add numerous well-kept parks, colorful annual events, and natural resources that provide recreational opportunities for every member of the family. From hang gliding to festive parades, sailing to shopping, Fremont has it all!

Add to this our culturally diverse, affluent population; abundant upscale housing; well-developed public transportation; rich historic roots; and world class employers, and Fremont can truly boast about the enjoyable lifestyle for which it has become known.

Welcome to our Fremont community. Stay awhile and explore the opportunities. We're celebrating our birthday all year long and we want you to join us in all we have to offer!

Fremont's History

The recorded history of the Fremont area begins on June 9, 1797 with the establishment of the Mission San José by the Spanish. The first European visitor to Fremont was the renowned trapper and explorer Jedediah Smith in 1827.

In the mid-1840's, John C. Fremont mapped a trail through Mission Pass to provide access for American settlers into the southeastern San Francisco Bay Area. The Fremont area grew rapidly at the time of the Gold Rush. Agriculture dominated the economy with grapes, nursery plants, and olives as the leading crops.

In 1853, Washington Township was established, taking in the communities of Mission San Jose, Centerville, Niles, Irvington, and Warm Springs. From 1912-1916 the Niles district of Fremont was the earliest home of California's motion picture industry. Charlie Chaplin filmed several movies in Fremont, most notably "The Tramp." On January 23, 1956, these communities incorporated to form the City of Fremont.

Since its incorporation, Fremont has developed from its agricultural roots to an integral part of Silicon Valley with over 1,200 high tech firms in industry clusters such as biotechnology, software, semiconductors, and telecommunications. Fremont is also home to New United Motor Manufacturing, Inc. (NUMMI), a joint venture of Toyota and General Motors, the only auto manufacturing facility west of the Mississippi River.

Exceptional

Fremont provides an excellent quality of life for its residents. Fremont's five historic business districts of Centerville, Irvington, Mission San Jose, Niles, and Warm Springs were once individual towns that incorporated in 1956 as the City of Fremont. Each district, with its own unique charm and rich cultural history, adds to the main street flavor of Fremont.

Fremont is one of the most ethnically and culturally diverse cities in the Bay Area, with over 100 different languages and dialects spoken in the schools. This globally connected citizenry is also well educated, with 71% of Fremont adults having some college education (26% have a Bachelor's degree and 16% have Master's, Professional, or Doctorate degrees). In addition, Fremont has one of the highest household incomes in the region, with an average household income of \$110,745.

The City of Fremont takes pride in its ability to provide a diverse, strong, and adaptable economy where businesses can be successful in the global economy and where residents and visitors can enjoy high-quality programs and services.

Mission Peak's 2,999 acres are accessible from a staging area at the east end of Stanford Avenue in Fremont (steep climb to the summit), or from parking lots at Ohlone College (more gradual ascent). There is no access from Mill Creek Road.

The Stanford Avenue staging area is also the western access to the Ohlone Wilderness Trail, a 29-mile hiking and riding trail through some of Southern Alameda County's most beautiful wilderness. A regional trail also leads from Mission Peak two miles south to Monument Peak, then on into Ed Levin County Park in Santa Clara County. Besides linking Santa Clara to Alameda County, the trail is a section of the Ridge Trail being developed to encircle San Francisco Bay.
